"Silly Willy! Silly Willy!" said Peekaboo. "How do birds fly?"

"Oh, that's complicated," said Silly Willy.

"Tell me! Tell me!" said Peekaboo.

"I don't think you'd understand," said Silly Willy.

"I will! I will!" said Peekaboo.

"Oh, I don't know if you can," said Silly Willy.

"Please, please," said Peekaboo.

"It's like this," said Silly Willy. "They have strings."

"Strings!" said Peekaboo.

"Yes," said Silly Willy. "Every bird has a string that's tied to a star. That's how they fly so high in the sky."

"Then why do they flap their wings?" said Peekaboo.

"Don't be silly," said Silly Willy. "They flap their wings to make the stars twinkle!"
